Conditions

OBJECTIVES, METHODS OF STUDY, METHODS OF EVALUATION, AND RESOURCES

The student will complete all courses during the semester as they are outlined in the charter school program/course descriptions. All course objectives will be consistent with the expected school wide learning standards. The student will comprehend the political process; will apply mathematical principles and operations to solve problems; will apply scientific concepts and skills to explain their world and find solutions to its problems; and will apply the scientific method to solve problems.

The method of study requires the student to meet with his/her instructor at the agreed upon appointment times while working independently a minimum of 240 minutes each day that the school is open. Student will complete assignments, assessments, and anything appropriate to the student's educational needs. Schoolwork during intersession enrollment periods will be assigned, as needed, for up to a maximum of 8 hours per week.

Student's course work will be evaluated by one or more of the following criteria:

1. Presentation of evidence showing assignment completion;
2. Written tests;
3. Demonstration of skills;
4. Oral Presentation;
5. California Assessment of Student Performance and Progress;
6. Other

The Course Description and Assignment Guide, Course Contracts, White Board, Planning Guide, Regular Work Assignment, Report of Credits Earned and Student Handbook are considered as part of the enrollment process.

CHARTER POLICY

According to the charter school policy for grades 7 through 12, the student and parent/guardian/caregiver agree to the following:

1. Student will meet with the Instructor at the designated "Reporting" time, day, and place on this Agreement and on the Regular Work Assignment. Any changes agreed upon by student, parent and teacher will be noted on the Regular Work Assignment.
2. Student will complete and verify that student completed assigned work on each day the school is open. Unless otherwise notified, those days are Monday through Friday. Parent/guardian/caregiver will verify that student completed assigned work on each day the school is open.
3. Student will complete and submit all assigned work for each school month. No more than 20 school days may pass between the assignment date and the date completed unless an exception is made.

1. An evaluation will be made to determine whether it is in the student's best interest to continue enrollment in Independent Study if student fails to complete 100% of the minimum work assignment.
2. While completing the one credit per week meets the minimum work requirement to maximum enrollment in the charter school completing more than one credit per week as recommended by the instructor.

4. Student will be on time for appointments and call to reschedule with instructor any missed appointments.

5. Student will take an academic assessment prior to entering.

6. Student will take the state mandated assessment tests.

7. Student will NOT be enrolled in another public school or private school that charges tuition while enrolled in the charter school. Because charter schools are publicly funded schools, student and/or parent/guardian/caregiver will not be charged tuition for enrollment in the charter school.

8. Student must follow the behavior expectations and the internet rules and regulations outlined in the Student Handbook.

9. If a student has an Individualized Education Plan (IEP), that the IEP should specifically provide for participation in Independent Study, in accordance with California Education Code Section 51745(c). However, Opportunities For Learning will not use the lack of such provision to bar the student from enrollment.

A handwritten signature in black ink that reads "R. G. Hugabe." The signature is fluid and cursive, with a large loop under the first name and a period at the end.

The guided experience will take you through a series of questions and answers. You and your parent will need to sign in 2 different places.

Signatures are very important to this process. Please do not sign for each other, as that will invalidate your application.

A handwritten signature in black ink that reads "Ian Wolf". The signature is written in a cursive style, with a long horizontal stroke at the beginning and a large loop for the last name.
